The Missouri Department of Corrections Department Overview

The mission of the Missouri Department of Corrections is to supervise and provide rehabilitative services to adult offenders in correctional institutions and Missouri communities to enhance public safety. The Department has over 11,000 corrections professionals working in four divisions and the Office of the Director.

The Office of the Director coordinates the internal activities of all the divisions and with all external stakeholders such as the press, public and elected officials. The Office of the Director contains the Budget and Research Unit, the Emergency Preparedness/Workplace Violence Coordinator, the Victim's Services Unit, the Reentry/Women's Offender Program, the Office of the Inspector General, the Office of the General Counsel, the Public Information Office and Legislative/Constituent Services.

The Division of Human Services (DHS) functions as the administrative division for the Department and contains the following support activities: the Human Resources Section, the Fiscal Management Unit, the Offender Finance Section, the Training Academy, the General Services Section, the Religious/Spiritual Services Section, the Volunteer/Intern Section, the Planning Section and the Employee Health and Safety Section.

The Division of Adult Institutions (DAI) operates 20 adult correctional facilities which are responsible for ensuring offenders sentenced to the Department's custody are confined in a safe, secure and humane manner and have access to programs and services to assist them in becoming productive citizens. The Division also operates the Central Transfer Authority which is responsible for reviewing and evaluating all offender classifications and transfers between institutions; the Central Transportation Unit which is responsible for the transportation of offenders across the state and country; and the Certified Grievance Unit which is responsible for addressing offender grievances appeals.

The Division of Offender Rehabilitative Services (DORS) is responsible to provide programs and services to assist offenders in becoming productive citizens upon release from prison. Such programs include Reception and Diagnostic Center Assessment, Adult Education, Library Services, Long-term and Short-term Substance Abuse Treatment, Offender and Staff Drug Testing, Offender Health Care (Medical and Mental Health), Specialized Mental Health Units, Sexual Offender Assessment and Treatment, Mental Health Offender Assessment and Treatment, Work-based Education and the Missouri Vocational Enterprises.

The Division of Probation and Parole, supervised by the Board of Probation and Parole, operates 55 field district offices, seven (7) field satellite offices, 19 institutional parole offices, seven (7) Community Supervision Centers and two (2) Community Release Centers in order to supervise offenders sentenced to a term of probation by the courts or released from incarceration on parole by the Board.

They monitor offenders through direct supervision, which may include the use of Residential Facilities and the Electronic Monitoring Program. The agency also provides supervision support through community substance abuse and mental health treatment services for offenders in under-served areas of the state.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This request is for FTE authority of 239.00 FTE involved in the maintenance deconsolidation transfer between the Department of Corrections (DOC) and Office of Administration Facilities Maintenance Design and Construction (OA-FMDC) division.

In FY14, the DOC and OA-FMDC agreed to the deconsolidation of DOC maintenance activities in OA-FMDC and to return these functions back to the DOC. The deconsolidation involves the transfer of personal services funding for 239 FTE and expense and equipment funding for department fuel and utilities and maintenance and repair activities. The actual funding for DOC maintenance activities is being transferred in FY15. However, the FTE for DOC maintenance are being core cut in OA-FMDC and must be requested as a new decision item in order to ensure the ongoing maintenance operations of the Department.

2. CORE DESCRIPTION

The Missouri Department of Corrections is committed to the philosophy of improving offenders' transition from prison to the community through implementation of the Missouri Reentry Process (MRP). This involves collaborative efforts with other state agencies and community organizations to identify and manage the factors contributing to the health, safety and prosperity of Missouri communities. Improved public safety requires a comprehensive effort between the Department of Corrections, the state's criminal justice system (including the courts, state and local law enforcement), our communities and the General Assembly to effectively manage every offender sentenced to be supervised by the Department. To carry out our part of this collaboration, the Department of Corrections manages risk to the community by assigning offenders along its continuum of supervision strategies in the field and our facilities. Offenders under community supervision are continuously assessed for their risk to re-offend. Offenders sentenced to confinement are secured in institutions whose operations are safe, constitutional and humane. Incarcerated offenders are required to prepare for reentry by successfully meeting expectations for restitution, education, work and treatment. The Director of the Department of Corrections is charged with shaping legislation as well as formulating policy and procedures for effective and efficient implementation of goals and objectives that improve public safety. To apply these pre-release and reentry-oriented policies and procedures to the offender population, the Office of Director directs and coordinates the actions of the Department's four divisions: Human Services, Adult Institutions, Offender Rehabilitative Services and Probation and Parole.

The Office of the Director is also responsible for providing oversight to the contract which supports mentoring services offered through the AMACHI Program developed by the Big Brothers/Big Sisters organization. All incarcerated offenders are eligible to refer their children to this program to address issues they may face during their parent's incarceration. The AMACHI Program provides a mentor for the child during their parent's incarceration and evaluates attendance at school, behavioral issues and school grades. In addition to these services, reentry issues are also addressed to prepare the parent and child for reunification.

1. What does this program do?

The Department of Corrections Missouri Reentry Process (MRP) is a system of resources, programs and partnerships designed to decrease offender risk and enhance offender self-sufficiency to improve public safety. This process coordinates the efforts of the State and the community to successfully transition offenders from prison and ensure that they are released to the community with appropriate substance abuse treatment, mental health treatment services, housing, job training and placement services. The process targets the approximately 18,000 offenders per year who return to Missouri communities following a period of confinement in a State correctional institution. The Reentry Unit manages a number of programs and initiatives related to the MRP and provides offender reentry assistance and direction to divisions within the Department of Corrections, partnering agencies and the community. The purpose of this assistance is to empower professionals and community members to better assist the offender population with their reintegration to the community. The Women's Offender Program was established to ensure accountability, reliability and continuous improvement in meeting the Department's commitment to provide gender responsive resources and interventions to women incarcerated or under probation or parole supervision. The Department of Corrections understands the value of partnership and works closely with the State-level MRP Steering Team, the 40 local MRP Steering Teams, and various other state, federal and community agencies, organizations and faith-based groups.

The Reentry Unit also provides oversight and support to the Department of Corrections' restorative justice efforts. Through restorative justice initiatives offenders are encouraged to reflect on the harm caused by their criminal activity and to make restoration to victims, the community and their families as part of their sentence to prison. Restorative justice holds the offender accountable and provides a means for them to repay their debt to the victim and the community. These initiatives also provide the offender an opportunity to leave the system with an improved attitude and sense of belonging as well as strengthened social bonds that serve as the foundation of our communities. Through the efforts of offender volunteers, not-for-profit agencies and victims statewide received reparative products and services. Examples include donation of quilts, fruits and vegetables harvested from inmate gardens, wooden toys, refurbished bicycles, etc. to organizations such as the Salvation Army, children's hospitals, senior citizen homes, schools, KidSmart, Newborns in Need, Head Start, Boys and Girls Club, Veterans Administration Hospitals, homeless shelters, and many more. In addition, many offenders attend Impact of Crime on Victims Classes (ICVC) which enable offenders to develop a sensitivity and respect toward victims that helps prevent further victimization.

The Kansas City Reentry Program provides reentry services in the Kansas City area (Jackson and Clay County). Probationers and parolees at moderate to high-risk to re-offend are eligible for services and referrals will made by the supervising Probation/Parole Officer. The contractor provides services that include, but need not be limited to, housing, employment (job development, readiness, placement and retention) and mentoring. Through a network of providers the contractor also assists offenders and their families in obtaining treatment resources, family services, identification documents, financial assistance, education services and health services. Through case management and ongoing interaction the contractor assists offenders in reducing criminogenic needs and eliminating barriers to compliance. This program started in FY11.

2. CORE DESCRIPTION

The funding is to provide Administrative Jail Sanctions for offenders under supervision in the community as outlined in Section 217.718, RSMo. A probation or parole officer may order an offender to submit to a period of detention in the county jail, or other appropriate institution, upon a determination by a probation or parole officer that the offender has violated a condition of continued probation or parole. The period of detention may not exceed forty-eight hours the first time it is imposed against an offender during a term of probation or parole. Subsequent periods may exceed forty-eight hours, but the total number of hours an offender spends in detention under this section shall not exceed three hundred and sixty in any calendar year.

The Division of Probation and Parole shall reimburse the county jail or other institution for the costs of detention at a rate determined by the Department of Corrections, which shall be at least thirty dollars per day per offender and subject to appropriation of funds by the general assembly. Prior to ordering the offender to submit to the period of detention, the probation and parole officer shall certify to the county jail or institution that the division has sufficient funds to provide reimbursement for the costs of the period of detention. A jail or other institution may refuse to detain an offender if funds are not available to provide reimbursement or if there is inadequate space in the facility for the offender.

NOTES:

FY13:

The Division of Probation and Parole (P&P) worked with the Office of the State Courts Administrator (OSCA) to identify potential jail sites to implement the use of administrative jail sanctions. However, as implementation approached, P&P encountered issues with jails concerning the requirement that state offenders be housed in Prison Rape Elimination Act (PREA) compliant facilities. Because of this, the division was unable to expend any justice reinvestment funds in FY13.

2. CORE DESCRIPTION

This core provides funding for oversight and coordination of the Department of Corrections Missouri Reentry Process (MRP) which is a system of resources, programs and partnerships designed to decrease offender risk and enhance offender self-sufficiency to improve public safety. This process coordinates the efforts of the State and the community to successfully transition offenders from prison and ensure that they are released to the community with appropriate substance abuse treatment, mental health treatment services, housing, job training and placement services. The process targets the approximately 18,000 offenders per year who return to Missouri communities following a period of confinement in a State correctional institution. The Reentry Unit manages a number of programs and initiatives related to the MRP and provides offender reentry assistance and direction to divisions within the Department of Corrections, partnering agencies and the community. The purpose of this assistance is to empower professionals and community members to better assist the offender population with their reintegration to the community. The Women's Offender Program works to ensure accountability, reliability and continuous improvement in meeting the Department's commitment to provide gender responsive resources and interventions to women incarcerated or under probation or parole supervision. The Department of Corrections understands the value of partnership and works closely with the State-level MRP Steering Team, the 44 local MRP Steering Teams, and various other state, federal and community agencies, organizations and faith-based groups.

2. CORE DESCRIPTION

The Reentry Unit also provides oversight and support to the Department of Corrections' restorative justice efforts. Through restorative justice initiatives offenders are encouraged to reflect on the harm caused by their criminal activity and to make restoration to victims, the community and their families as part of their sentence to prison. Restorative justice holds the offender accountable and provides a means for them to repay their debt to the victim and the community. These initiatives also provide the offender an opportunity to leave the system with an improved attitude and sense of belonging as well as strengthened social bonds that serve as the foundation of our communities. Through the efforts of offender volunteers, not-for-profit agencies and victims statewide received reparative products and services. Examples include donation of quilts, fruits and vegetables harvested from inmate gardens, wooden toys, refurbished bicycles, etc. to organizations such as the Salvation Army, children's hospitals, senior citizen homes, schools, KidSmart, Newborns in Need, Head Start, Boys and Girls Club, Veterans Administration Hospitals, homeless shelters, and many more. In addition, many offenders attend Impact of Crime on Victims Classes (ICVC) which enable offenders to develop a sensitivity and respect toward victims that helps prevent further victimization.

Governor Jay Nixon signed Executive Order 09-16 on March 26, 2009 establishing a permanent interagency steering team for the Missouri Reentry Process. The Department of Corrections leads the initiative to pool resources and address the critical issue of offenders returning to the community after release from prison.

This request is also for funding to provide reentry services in the Kansas City area (Jackson and Clay County). Probationers and parolees at moderate to high-risk to re-offend are eligible for services and referrals made by the supervising Probation/Parole Officer. The contractor provides services that include, but need not be limited to, housing, employment (job development, readiness, placement and retention) and mentoring. Through a network of providers the contractor also assists offenders and their families in obtaining treatment resources, family services, identification documents, financial assistance, education services and health services. Through case management and ongoing interaction the contractor assists offenders in reducing criminogenic needs and eliminating barriers to compliance.

The Kansas City Reentry Program was first awarded in FY11.

The Department received one-time funding in FY14 for the St. Louis Reentry Program.

2. CORE DESCRIPTION

The Department of Corrections requires spending authority to seek, accept and expend funds from Federal and other authorized sources. Funds are used for a variety of purposes, including education, substance abuse services, assessment and testing, offender reentry programs and information systems enhancements. The Department utilizes federal grants to assist in the following areas: Special Education; Carl Perkins grants; Title I thru Title III Education grants; the Residential Substance Abuse Treatment Program (RSAT); Second Chance Act grants; and others grants that may become available.

This request also provides spending authority to accept cash donations for a Puppies for Parole (P4P) Program within the State's correctional centers. Offenders within the institutions will train dogs from local animal shelters to improve the dog's adoptability within the local community. The P4P program creates a partnership between a participating correctional facility and a local community animal shelter. The program operates at no cost to the State or the Department, although the Department will be seeking donations to help care for the animals. Veterinary services are provided by the partnering agency. Animals will normally remain in the program approximately 8-10 weeks, but under no circumstances longer than 6 months. Offenders are screened and must meet eligibility requirements to participate in the program. Upon completion of the program, the dogs are adopted, which is facilitated by the partnering agency.

1. What does this program do?

The Department of Corrections requires spending authority to seek, accept and expend funds from Federal and other authorized sources. Funds are used for a variety of purposes including: education; substance abuse services, assessment and testing; offender reentry programs; and communications systems enhancements. The Department utilizes federal grants to assist in the following areas: Special Education; Carl Perkins grant; Title I through Title III Education grants; the Residential Substance Abuse Treatment program (RSAT); Second Chance Act grants; Justice Assistance grants; and other grants that may become available.

This authority also gives the Department the ability to accept cash donations for a Puppies for Parole (P4P) Program within the State's correctional centers. Offenders within the institutions train dogs from local animal shelters to improve the dog's adoptability within the local community. The P4P program creates a partnership between participating correctional facilities and a local community animal shelter. The program operates at no cost to the State or the Department, although the Department will be seeking donations to help care for the animals. Veterinary services are provided by partnering agencies. Animals will normally remain in the program approximately 8-10 weeks, but under no circumstances longer than 6 months. Offenders are screened and must meet eligibility requirements to participate in the program. Upon completion of the program, the dogs are adopted, which is facilitated by the partnering agency.

The Office of the Director Administration (OD STAFF) -

The Office of the Director Administration received Federal Funds for the Department of Justice, Justice Assistance Grant for Radio System Upgrades.

This request is for additional spending authority for the Foster Dog Program within the state's correctional centers. Offenders within the institutions host dogs from local animal shelters and train them, to improve the dog's adoptability within the local community. This program is similar to the CHAMPS program at the Women's Eastern Reception and Diagnostic Correctional Center. The program operates at no cost to the State or the Department and is funded through donations to help care for the animals. The number of institutions participating in the program has increased significantly (from 3 to 18 institutions) since the program first began, as have the donations to the program. Because of the expansion of the program and increased donations, the Department requests to increase spending authority from \$10,000 Other Funds to \$30,000 Other Funds to support the program.

DI Name:	Foster Dog Program	DI#	1931013

Offenders within the institutions train dogs from local animal shelters to improve the dog's adoptability within the local community. The P4P program creates a partnership between a participating correctional facility and a local community animal shelter. Veterinary services are provided by the partnering agency. Animals will normally remain in the program approximately 8-10 weeks, but under no circumstances longer than 6 months. Offenders are screened and must meet eligibility requirements to participate in the program. Upon completion of the program, the dogs are adopted, which is facilitated by the partnering agency.

The program also teaches offenders responsibility and requires high standards of behavior to be impeccable during their incarceration in order to be eligible to participate in the program.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

This request is needed to establish a means for the Department to expend contributions, gifts and grants to support the efforts of the Foster Dog Program.

1. What does this program do?

The Missouri Department of Corrections operates 20 adult correctional institutions in communities throughout the state. These 20 institutions incarcerate more than 31,000 offenders at any given time. The staff work in many different functional areas performing duties related to custody and security, case management, offender programming, food preparation, institutional maintenance, offender recreation, fiscal management, personnel services, offender record keeping, storekeeping/warehouse services and mailroom services. The staff performing these functions and others are all working to ensure that offenders sentenced to the Department's custody by the courts are confined in a secure, safe and humane manner and that they are provided programs and services to assist them in becoming productive citizens.

1. What does this program do?

Through a combination of state-operated, interagency agreement and outsource services, the Department provides qualified educators to conduct institution-based education programs for offenders. Incarcerated offenders without a verified high school graduation diploma or high school equivalency certificate are required to enroll in academic education. The Department continuously assesses the educational needs of inmates from intake through release to the community. Libraries at every correctional institution enhance academic education and serve the informational needs of offenders, including constitutionally mandated "access to courts" through legal resources and reference and self-improvement materials. Offenders who have obtained a high school diploma or equivalent may apply for admission to post-secondary work-related skills training.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 217.355 RSMo., Public Law 94-142 (Federal), Title I, II, IV and V, Title II-Work Force Investment Act/Adult Education and Literacy, Supreme Court decisions regarding offender libraries (Federal).

3. Are there federal matching requirements? If yes, please explain.

No. There are no matching requirements, however the federal government does require "maintenance of effort" which means that the state must spend at least as much on education each year as in the previous year.

4. Is this a federally mandated program? If yes, please explain.

Federal Supreme Court decisions require the provision of "access to courts" through the provision of legal resources, reference material provided in the offender libraries and self-improvement materials. Offenders under age 22 who qualify as special needs children under provisions of Part B of the Federal Individuals with Disabilities Education Act (IDEA), must be provided a Free and Appropriate Public Education (FAPE).

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Missouri Department of Corrections is requesting funding in order to comply with the provisions of the Federal Prison Rape Elimination Act (PREA) of 2003. The Prison Rape Elimination Act was enacted by Congress in 2003 to prevent, detect and respond to prison rape. On June 20, 2012, the Department of Justice published the final standards relating to PREA that became effective on August 20, 2012. Confinement facilities were given one year from the effective date to come into full compliance with the revised PREA standards.

In order to comply with the provisions of PREA, funding is needed for the following: additional investigators for PREA incidents at all maximum security prisons; program audits of facilities; advocacy services for offender victims; privacy barriers and additional cameras in prisons; additional cameras in high-risk areas of CRCs and CSCs; and ongoing costs for medical and mental health care in the community (forensic medical exams, mental health evaluations, and interpreter services for the deaf or disabled) at CRCs and CSCs.

The Governor did not recommend this decision item.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

This funding is requested to provide additional prison bed space at the Chillicothe Correctional Center (CCC) due to the ongoing growth of the female offender population.

The Division of Adult Institutions continues to experience growth of the female offender population. Based on current growth rate projections of .21 female offenders per day, the division will have no available female offender beds after August 2014.

Due to fiscal constraints in FY10 and FY11, funding was cut at the Chillicothe Correctional Center and the division was not able to open all of the housing units at the prison. The division proposes to occupy one of the unoccupied housing units to provide an additional 192 female beds to accommodate the growth of the female offender population. In FY11, the funding to staff the unoccupied housing units was cut, but not the FTE. Therefore, the division is only requesting the additional funding required for salaries and E&E costs.

This request is for 24.00 staff required to operate a housing unit at the Chillicothe Correctional Center. The staff personal services and E&E costs are based upon a standard staffing pattern for prison housing units within the Division of Adult Institutions. When the previous staffing was cut in FY11, the division retained FTE with no funding. Therefore, the division is only requesting personal services and E&E funding. No additional FTE is being requested.

2. CORE DESCRIPTION

Ongoing operations require the procurement of sufficient telecommunications services and equipment for Department administrative officers, 20 correctional centers, two community release centers, 55 Probation and Parole district offices, seven sub-offices and seven community supervision centers. The Telecommunications Unit coordinates with the Office of Administration, Division of Information Technology, equipment vendors and local and long-distance service providers to ensure that an adequate number of the correct type of phone/data lines and equipment are provided to Department staff. The unit is responsible for filing and maintaining the Department's frequency licenses with the Federal Communication Commission. The utilization of a centralized funding source allows the Department to manage costs more efficiently, accommodate regional and temporary fluctuations in prices and provide standardization of phone and data lines throughout the Department.

2. CORE DESCRIPTION

RSMo. 650.058 gives the Department of Corrections the authority to make restitution payments to individuals convicted of a felony in a Missouri court who were later found to be "actually innocent" solely as a result of the DNA profiling analysis. Individuals are to be paid \$50 per day for every day of post-conviction incarceration for the crime for which the individual was found to be "actually innocent." These payments are capped at \$36,500 per year, which constitutes restitution for two years of wrongful incarceration, and are subject to appropriation.

In FY07 the Department was appropriated sufficient funds to begin making these restitution payments to the three individuals who had been exonerated by the DNA profiling system to date. In FY08 the Department identified and paid one more individual who was eligible for restitution. The Department identified one additional eligible individual and received funding to pay two additional individuals in FY09. One person was completely paid off in FY09, reducing the number of offenders to be paid in FY10 to four. Funding was reduced in FY11 to cover the costs of these four individuals. As of FY12, the DOC has completely paid off two of the original four individuals receiving restitution. In FY13, funding was further reduced to cover the costs of the remaining two individuals.

Program Name: Restitution Payments						
Program is found in the following core budget(s): Restitution						
	Restitution					Total:

FEDERAL:	\$0					\$0
OTHER:	\$0					\$0
TOTAL :	\$73,000					\$73,000

1. What does this program do?

Senate Bill 1023, which passed in 2006, gave the Department of Corrections (DOC) the authority to make restitution payments to individuals convicted of a felony in a Missouri court who are later found to be "actually innocent" solely as a result of the DNA profiling analysis. The individual is to be paid \$50 per day for every day of post-conviction incarceration for the crime for which the individual was found to be "actually innocent." These payments are capped at \$36,500 per year per individual, which constitutes restitution for two years of wrongful incarceration and are subject to appropriation.

In FY07, the Department was appropriated sufficient funds to begin making these restitution payments to the three individuals who had been exonerated by the DNA profiling system to date. In FY08, the Department identified and paid one more individual who was eligible for restitution. The DOC was given authority to make the payment from the Population Growth Pool. The Department received additional funding for two individuals in FY09 and identified and paid a fifth person that year. One person was completely paid off in FY09, reducing the number of offenders to be paid in FY10 to four.

If other individuals are exonerated and become eligible for restitution, the Department will have to seek additional appropriations. If the Department has more exonerated individuals than the number appropriated for, payments would have to be pro-rated for all individuals, which would lengthen the time required to pay the full restitution required by law. If no additional individuals become eligible for restitution, the current appropriation will need to continue through FY15.

One offender was paid off and received a partial year's payment in FY11. Two offenders were paid off and appropriation was core reduced for FY13.

2. What is the authorization for this program, i.e., federal or state statute, etc.? (Include the federal program number, if applicable.)

Chapter 650.058 RSMo.

3. Are there federal matching requirements? If yes, please explain.

No.

4. Is this a federally mandated program? If yes, please explain.

No.

2. CORE DESCRIPTION

This is the core request for the continued purchase of food and food-related supplies for 20 correctional facilities, two (2) community release centers, four (4) community supervision center and two (2) cook-chill production facilities operated by the Department of Corrections. Subsection 217.240.2 RSMo. requires that all offenders confined in a correctional facility be supplied with a sufficient quantity of wholesome food. The Department of Corrections provides three (3) nutritionally-balanced daily meals to the offender population. The use of a centralized funding pool for food provides the Department with several benefits:

- >allows the Department to manage costs more efficiently
- >allows the Department to accommodate for emergencies
- >allows for the management of temporary changes in institutional population
- >accommodates regional and temporary fluctuations in prices
- >allows for the operations of the regional cook-chill facilities
- >provides savings from quantity discounts on purchases

NOTES:

The Food appropriation has an unavoidable lapse every year due to the period at the end of every fiscal year when SAM II is inaccessible due to its closing out one fiscal year and being loaded for the next fiscal year. This means that funds cannot be encumbered nor orders placed during this period. Because of the perishable nature of many food products, the Department must place large orders prior to SAM II becoming inaccessible so products can be received during that time period. This product is paid for in the following year and this process generates lapse.

FY13:

Flexibility was utilized to meet year-end expenditure obligations. Food Purchases received flexed funds from OD Staff \$212,000, Population Growth Pool \$141,737, Telecommunications \$57,319, Wage & Discharge \$53,366, DORS Staff \$90,000, Substance Abuse \$500,000, Academic Education \$13,000 and St. Louis Community Release Center \$100,000. Federal lapse due to authority that could not be utilized due to lower federal reimbursements.

FY12:

Flexibility was utilized to meet year-end expenditure obligations. Food Purchases received \$400,000 in flexed funds from the Substance Abuse E&E GR appropriation.

FY11:

Flexibility was utilized to meet year-end expenditure obligations. Food Purchases flexed \$879,381 to Institutional E&E Pool.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM.

The Missouri Department of Corrections (DOC) is requesting this new decision item for FY15 based on the following factors: First, the DOC experienced population increases over the previous two years which resulted in an increased need for offender food as shown by FY13 actual expenditures. Second, like all other consumers, the DOC has also felt the impact of increasing food costs caused by rising oil and transportation costs.

3. WHY IS THIS FUNDING NEEDED? PROVIDE AN EXPLANATION FOR ITEMS CHECKED IN #2. INCLUDE THE FEDERAL OR STATE STATUTORY OR CONSTITUTIONAL AUTHORIZATION FOR THIS PROGRAM. (Continued)

This request for funding will ensure the Department's ability to continue the purchase of adequate food and food-related supplies for twenty (20) correctional facilities, two (2) community release centers, four (4) community supervision centers, and two (2) cook chill production facilities operated by the Department of Corrections. Chapter 217.240.2, RSMo. requires that all offenders confined in a correctional facility be supplied with a sufficient quantity of wholesome food. The Department of Corrections provides three (3) nutritionally-balanced daily meals to the offender population. The FY13 food budget was based on an offender population of 32,138 and a daily food cost of \$2.637. Based on current projections of population growth, the average daily population served in FY15 will increase by 429 offenders per day to 32,658 for a total food cost per day increase to \$31,443,488.

4. DESCRIBE THE DETAILED ASSUMPTIONS USED TO DERIVE THE SPECIFIC REQUESTED AMOUNT. (How did you determine that the requested number of FTE were appropriate? From what source or standard did you derive the requested levels of funding? Were alternatives such as outsourcing or automation considered? If based on new legislation, does request tie to TAFP fiscal note? If not, explain why. Detail which portions of the request are one-times and how those amounts were calculated.)

In FY13, \$30,931,752 was expended on food and food-related purchases. This was an increase of \$1,547,380 (5.27%) over FY12. The FY13 budgeted cost per offender was \$2.611, and in FY13 the actual cost per offender was \$2.637. In addition to the increased cost per offender, the average daily prison population is estimated to increase from 32,229 in FY14 to 32,640 in FY15.

The Department's current food appropriation will not be sufficient to meet the increasing food costs for the offender population. In FY15, the Department projects a shortfall in funds needed to meet food costs and requests this new decision item for the cost to continue appropriation.

Governor Recommends:

The Department's current population projections has increased to 32,658 in FY15. This request has been modified to reflect the increased need for food and food-

2. CORE DESCRIPTION

The Employee Health and Safety Section ensures department staff work in a safe and healthy environment by testing and treating for communicable diseases including provision of vaccines; providing personal safety equipment for staff; coordinating staff drug testing; coordinating fitness for duty evaluations; independent medical evaluations after drug testing; second opinion on Family Medical Leave Act (FMLA) evaluations; and promoting safety and wellness activities. The section addresses health and safety issues that arise in a correctional setting. For example, tuberculosis (TB) cases occur overall at least three (3) times more often in prison than in the general population. In 1990, the Missouri Department of Corrections TB case rate was 12 times the general adult population. TB case rates are currently the same as the state general population due to the TB control protocol developed in conjunction with the Department of Health and Senior Services. TB testing is mandated under Chapter 199.350 RSMo. and 10CSR 20-20.100. The Department supervises a substantial number of individuals who have a high probability of engaging in behaviors that have been identified as "high-risk" for the transmission of Hepatitis B and other blood borne pathogens. Correctional staff are at risk for occupational exposure to Hepatitis B. Chapter 292.650 RSMo. mandates Hepatitis B vaccinations for "at risk" state employees. Chapter 192 RSMo. and 19CSR20-20.092 mandate personal protective equipment (gloves, masks, fluid proof jumpsuits, impervious sleeves, etc) for employees. In addition, the Department promotes wellness via the statewide wellness initiative and offers activities to augment the initiative. These initiatives are funded through Employee Health and Safety; vaccine promotion, illness prevention through good hand washing, etc.
